

MATLAB FOR ROBOTICS

— FROM CODE TO CONTROL —

Explore how MATLAB is used for robot modelling, simulation, and control systems. A beginner-friendly, hands-on session to help you kickstart your journey into robotics!

LEARN
THE BASICS

EXPLORE
SIMULATIONS

ROBOT MODELLING
& CONTROL

HANDS-ON
EXPERIENCE

SUNDAY,
13TH SEPTEMBER

11:00 AM
ONWARDS

SEMINAR HALL,
AVIONICS BLOCK

BEFORE THE SESSION

Make sure you have MATLAB installed on your laptop. IIST students have educational access to MATLAB — activate it using your institute credentials.
